About QFF

The Queensland Farmers' Federation (QFF) is the united voice of agriculture in Queensland.

Our members are agricultural peak bodies who collectively represent more than 13,000 farmers who produce food, fibre and foliage across the state. QFF's peak body members come together to develop policy and lead projects on the key issues that are important to their farmer members and the Queensland agriculture sector.

Together, we form a strong, unified voice leveraging our effectiveness by working together to drive policy and initiatives that support a strong future for Queensland agriculture.

Our policy and project work

The QFF team are a group of highly skilled and committed professionals with technical expertise across the priority areas of our members.

Our cutting-edge projects support innovative, sustainable practices on-farm, while our policy development is science-based and future focused. Our priority areas include, but are not limited to:

Water

Biosecurity

Energy

Workforce, skills and training

Agricultural productivity

Animal health and welfare

Land use planning,
regional development and
co-existence

Environmental sustainability
and natural resource
management

Farm business planning,
and risk management,
resilience and recovery

What we do for our members

We offer membership options to national, state, and regional agricultural industry associations. By being a member of QFF, you are supporting a strong and united advocacy voice.

Advocate

We develop leading positions and solutions on issues of concern to the advancement and sustainability of Queensland's agricultural sector, working closely with government and other key stakeholders.

Campaign

We promote our members and raise the profile of the industry with the media and amongst broader stakeholders to achieve a greater level of understanding about the agriculture sector.

Inform

We publish discussion papers, research papers, project reports, safety guides and deliver expert webinars and events to assist the farming community and other stakeholders understand key issues, technical advancements, and innovation opportunities. We also undertake projects that deliver practice improvements and technology adoption on farm.

Connect

We bring together Queensland's agricultural industry on a range of Committees that deal with current issues and find solutions to complex problems.

Benefits

Farmers who belong to one of QFF peak body members can access discounts for services and products from new vehicles to workplace health and safety tools.
